Education

Bahauddin Zakariya University

Bachelor of Information Technology

2022 - 2026

Sahiwal, Pakistan

Professional Work Experience

Code Alpha

March 2025 – April 2025

Front-end Development Intern

Remote

- Developed responsive and performance-optimized web applications using modern frameworks.
- Built dynamic and interactive user interfaces using JavaScript for a seamless user experience.
- Worked closely with developers to ensure clean, maintainable code and streamlined workflows.

Personal Projects

Front-end Developer

- Developed responsive web applications with React and MUI, emphasizing interactivity and high performance.
- Managed the UI/UX design process and development to deliver user-friendly interfaces with optimized performance.

Projects

NEXCENT

- Developed a fully responsive landing page from a Figma design, featuring an interactive UI and mobile-first optimization.
- **Technologies:** HTML, CSS, Media Query, Bootstrap
- **Live Demo:** Nexcent.netlify.app
- **GitHub:** GitHub Link

BIZPRO

- Designed and built a responsive landing page focused on promoting business services and driving client engagement.
- **Technologies:** HTML, CSS, Media Query, Bootstrap, jQuery
- **Live Demo:** bizpro-page.netlify.app
- **GitHub:** GitHub Link

To-Do App

- Developed a fully functional To-Do app with task addition, deletion, duplication, and other interactive features using JavaScript.
- **Technologies:** HTML, CSS, Media Query, JavaScript
- **Live Demo:** https://to-do-app000.netlify.app/
- **GitHub:** GitHub Link

MAIL-CUB

- Developed an admin panel using ReactJS and MUI, enabling efficient data management and real-time API integration.
- **Technologies:** ReactJS, MUI, Axios, API Integration

Technical Skills

Languages: React, JavaScript, HTML, CSS, jQuery, Bootstrap, MUI (Material UI)
Version Control: Git, GitHub
Code Editors: VS Code, Sublime Text
API Integration: Axios Api
UI/UX Design: Figma, Adobe Photoshop, Adobe Illustrator, Canva
Responsive Design: Media Queries, Mobile-first Design
Concepts:Component-based Architecture, Responsive Web Design, Single Page Applications (SPA), State Management (React Hooks, Context API), RESTful API Integration, Version Control (Git), Agile Development, Cross-browser Compatibility, Performance Optimization.
